Back to School Blessing

Jesus, guard me through this day
In all I do and all I say. We give you our school. We give you all the teachers and staff who work here, We give you all the children who study here. We pray our school would be place of great discovery, adventure and creativity.
September 9th was our official FIRST day of school!

We are thrilled to have our students back and are excited for a great year!

Special shout out to Tina Webster and Rachel Kaufman who helped students stay dry while getting into the building!

The Mount Mercy Academy of Science provides a variety of progressive studies, offering both Advanced Placement courses and college level science courses, along with real-world opportunities in the fields of healthcare and science. Students complete a four-year journey which includes attending field trips, learning from guest speakers, participating in shadow rotations of healthcare professionals at Mercy Hospital, 30-hour internships, and written work reflecting their experiences. Students who successfully complete this program earn a white lab coat signifying their accomplishments. Graduates have found this program extremely valuable when applying for scholarships and college programs.
The Mount Mercy Academy Women in Social Sciences Program

• Within the Social Sciences Program, students will be able to earn the following distinctions: Women in Law, Women in History, Women in Government, Women in Social Work and Women in Psychology.

• The program is comprised of four parts: Field experiences, challenging academic courses, independent experiential learning and higher education plans.
